## POLYMERS AND INNOVATIVE PLASTICS

# SABIC COSMETIC PACKAGING FOR PERSONAL CARE

An innovator in the plastics industry, SABIC is one of the world's leading suppliers of polyethylene, polypropylene and engineering thermoplastics. Operating globally, we provide complete, one-stop-shop solutions and a spectrum of services to customers in more than 100 countries across 6 continents.

We understand your ambitions and put your success in the personal care and beauty sector at the heart of everything we do. As a valued customer, you benefit from high-quality materials with unique, esthetic qualities, strong mechanical performance and are in compliance with industry regulations.

Our technical and compliance experts and sales teams are available to offer advice on your specific application. You can depend on SABIC as a proactive partner to understand your product needs, provide innovative solutions and to build your business' success.

### WIDE RANGE OF APPLICATIONS

We understand that the esthetics and functionality of a cosmetic's packaging is essential to its successful sale. SABIC's extensive materials portfolio makes it possible for you to create eye-catching packaging with added shelf-appeal. Our solutions can be used in all product fields, applications and trends in the cosmetic market from bottles, jars, containers, tubes, caps and closures, dispensing systems and airless covers to packaging for lipsticks, mascara etc. We are dedicated to ensuring that you achieve a distinctive 'look and feel' for your cosmetic product that captures market share and drives sales.

### IT'S EASY TO DO BUSINESS WITH US

We make it easy for you to find SABIC product information and receive answers to your questions. Our sales team welcomes the opportunity to work with you and provide personalized help or additional information. SABIC's website gives you a fast, direct access to our one-stop-shop product portfolio. The intuitive search functions help you to identify the material choice best suited to the unique and individual design of your cosmetics packaging.

### WORKING WITH LEADING MACHINE MANUFACTURERS

SABIC shares know-how with manufacturers and analyzes how our materials are processed on a wide range of processing equipment. This ongoing collaboration helps machine manufacturers to fine-tune their equipment, ensuring that it satisfies customers' design and processing requirements. We also gain useful input for our future product development.

LIPSTICK & MASCARA CASES	Aesthetics Mechanical performance Secondary operations	VALOX™ RESIN (PBT) THERMOCOMP™ HSG COMPOUND
DISPENSING SYSTEMS	Stiffness Durability Processability Compatibility	SABIC® PP SABIC® PE VALOX™ RESIN (PBT)
AIRLESS COVERS	Color consistency Food contact grade Dimensional stability Easy processing	LEXAN™ RESIN (PC)

### DEDICATED TO QUALITY AND INNOVATION

Long-term customer relationships, combined with the development of new and innovative products, is a key driver at SABIC. For example, we actively cooperate with converters to exchange technical and business expertise. Engaging in open dialogue delivers added value to the end user of our products and builds a win-win situation throughout the value chain.

### COLORING YOUR WORLD

At SABIC, we know how important color is to you and your business. Whether you use it to differentiate your product or build your brand, let's work together to find the ideal solution!

SABIC Color Innovation Centers (CIC) around the world provide more than 18,000 different color and effect choices for products. Our color experts have more than 30 years of experience and can help you choose from existing colors or create the exact color you desire and add special effects and texture.

The Color Innovation Center in Europe is located in Bergen Op Zoom (the Netherlands). Designers are welcome to see the full range of colors and effects for all SABIC materials. A visit to CIC will enable designers to select or develop the right color/effect materials combination for their applications.

### QUICK ACCESS TO REGULATORY INFORMATION

The SABIC website provides an open platform for locating and downloading the latest documents related to product regulatory affairs and compliance statements. Our product stewardship experts are also available to help with any specific questions.

Solutions and support worldwide: wherever you are in the world, SABIC's local sales teams are ready to find the best product solution for you, support your business goals and ensure faster time to market. Our technical experts are also right at hand to offer insights into your customized application and the most cost-efficient solution.
